English is one of the most widely spoken languages across the globe and a common language of choice for people from different backgrounds trying to communicate with each other. This is the reason why English is the second language learned by most of the people. Malayalam is a Dravidian language spoken across the Indian state of Kerala by the Malayali people and it is one of 22 scheduled languages of India. Malayalam has evolved from Tamil belongs to old folklore. Some consider Malayalam as the west-coast dialect of Tamil. As a result of significant progress made in the language, Malayalam is now an independent Dravidian language, not a dialect of Tamil. Use the app to better your English conversation skills.
